

The Arizona Multihousing Association Political Action Committee (AMAPAC) enables our industry to help elect individuals who are receptive to our issues, understand business needs, value private property rights and are accessible to us. For the 2008 elections, AMAPAC has engaged in multiple municipal, county and legislative races and has endorsed over 80 candidates.

Through either proven track records, responses to questionnaires sent to the candidates, and/or interviews conducted, the AMA believes these candidates will be supportive to the industry.
